KADAMATI SAI KUMAR

imsaikumar001@gmail.com | +91 7995879663 | www.linkedin.com/in/kadamatisaikumar

OBJECTIVE:

Motivated Mechanical Engineering graduate with foundational skills in robotics, CAD/CAE, and data analysis. Seeking an entry-level role to apply technical, analytical, and problem-solving abilities while contributing to organizational growth and gaining hands-on industrial experience.

EDUCATION:

GAYATRI VIDYA PARISHAD COLLEGE OF ENGINEERING(A) **Jul'23 – Pursuing**

- BACHELOR OF TECHNOLOGY MECHANICAL ENGINEERING SPECIALIZED IN ROBOTICS
- CGPA: 9.06 (Up to 6th SEM)

SANKETHIKA POLYTECHNIC COLLEGE **Jun'20 – Jun'23**

- DIPLOMA IN MECHANICAL ENGINEERING
- STATE BOARD OF TECHNICAL EDUCATION & TRAINING
- Percentage: 93.5%

VAGDEVI SCHOOL **Jun'19 – Jun'20**

- SSC 10th CLASS
- Percentage: 93%

TECHNICAL SKILLS

- **Data & Software Tools:** Microsoft Office Suite (Excel, PowerPoint, Word), RoboAnalyzer, Visual Studio Code
- **CAD & Design Tools:** CATIA V5, NX CAD, SolidWorks, AutoCAD, MasterCAM
- **Simulation & Analysis:** Ansys Workbench, Abaqus CAE, FEA, and Risk Analysis
- **Programming:** Python, HTML, CSS

PROFESSIONAL EXPERIENCES:

Summer Undergraduate Research Exposure (SURE) – IIT Hyderabad **May'25 – Jul'25**

- **Research Intern**
  - Simulated multi-groove milling of Ti6Al4V using FEA in Abaqus with Johnson–Cook models.
  - Analyzed thermal and stress distribution in rocket nozzle cooling grooves for performance insights.
  - Performed data analysis using Excel and charting tools to evaluate simulation results and performance metrics.

Internship – Modine Thermal Systems Pvt. Ltd. – Chennai, Tamil Nadu **Apr'25 – May'25**

- **About the Company:** Modine Manufacturing Company, a global leader in thermal management since 1916, designs & produces advanced heat transfer systems for automotive & industrial applications worldwide.
  - Acquired hands-on exposure in the m/f of automotive radiators and thermal management components.
  - Observed assembly line operations, quality inspection methods, and material handling systems.

Internship – Center of Excellence in Maritime and Shipbuilding (CEMS) – Vizag **Sep'22 – Feb'23**

- Learned welding techniques, including various joint types and welding positions.
- Designed 3D mechanical models using NX CAD for industrial applications.

Internship in Altair CAE design and Simulation (AICTE) **May'24 – Jun'24**

- Gained hands-on experience in CAE tools for model creation, meshing, and simulation workflows.
- Developed and validated finite element models to analyze structural and mechanical performance

PROJECTS DONE:

Multi-Groove Machining Simulation (Abaqus)

- Performed FEA on multi-groove milling of Ti6Al4V alloy using Abaqus CAE.
- Conducted FEA simulations on aerospace alloys to study thermal, stress, and deformation effects.

Solar-Powered Water Pump:

- Designed a renewable-energy-based smart irrigation system for efficient water delivery.
- Applied principles of renewable energy & fluid mechanics for efficient water delivery.

WIFI Control Car:

- Built an Arduino-based IoT vehicle using ESP8266 for real-time navigation and control.
- Integrated mechatronic systems with IoT communication for real-time navigation.

CERTIFICATONS:

- NPTEL Certification – Rapid Manufacturing (Jul–Oct)
- IIT Hyderabad – SURE Internship (2 Months)
- Modine Thermal Systems Pvt. Ltd. – Manufacturing Internship
- EDX – 3D Printing Essentials: From Design to Reality

ACHIEVEMENTS:

- Awarded Highest CGPA Certification (9.06) in B. Tech Mechanical Engineering during Annual Day Celebrations for consistent academic excellence.
- Secured 1st Prize at TECHNO FRENZY – FEST Project Expo for innovative mechanical design.
- Developed strong 2D/3D modelling skills through hands-on projects using Abaqus, AutoCAD, and CATIA.

SOFT SKILLS:

- Analytical Thinking & Problem-Solving
- Team Collaboration & Leadership
- Adaptability & Quick Learning
- Communication & Presentation Skills

EXTRA CURRICULAR ACTIVITIES:

- Presented projects at TECHNO FRENZY FEST & college expos.
- Active member of Youth for Seva – contributing to social initiatives.
- Participated in technical PPT presentations and workshops.
