SUMITABH PAUL (Assistant Manager)

+91-7291933253

Royal Enfied (MBA, B.Tech)

sumitabh945@gmail.com

Development & sourcing assistant manager *with 2.5+ years of experience in strategic sourcing, Development (NPD), Cost negotiation and acquisition of mechanical materials, components, and also ensuring tooling , gauges, fixtures etc within given timeline.*

PROFILE SUMMARY

- Hardworking and highly organized Development & sourcing assistant manager with 3 years of experience in strategic sourcing, negotiation, and acquisition of mechanical materials, components, and tooling. **Verification of CTQs parameters, inspection frequency & strengthen supplier PQCS.**
- Ensuring the swift release of all the POs, PRs, RFQs and other documents related to audits (i.e. PPAP, etc). – **Reduced processing time by 15%**
- **Drawing Study, Design change notifications (DCN) & Benchmarking with similar running models**. Comparing a part study in relation to the base model to prepare the part history sheet.
- Arrange PPAP documentation from suppliers and verify with the latest drawing before mass production handover.
- Root Cause analysis of new models parts Fitment & design trial of part and feedback to be submitted through ECN/mail feedback. Process improvement & Up gradations. – **Reduced the Q-Issues during SOPs by 20%.**
- Expertise indifferent product commodities like **Mechanical & electrical prop. Commodities, body engineering parts (Rubber & plastics).**
- On time development and delivery of the parts/ samples, ensuring all the quality & technical req. of the same.- **Completed this for 67 parts over 12 projects**
- Also compatible at using **Power BI, PLM, SAP MM, Creo, Catia, NX CAD, MS Excel & Vector Pro**.
- Risk assessment & mitigation accordingly.- **Developed 2nd & 3rd sources for 14 parts (existing).**
- Good knowledge of handling domestic and international suppliers.
- Good ties with major logistics companies to ensure on time logistics support. **Reduced delivery time delay by 20%.**
- Having **sourcing portfolio of over 250 Crs. (Both capital & part) per year.**

PERSONAL DETAILS

Date of Birth:	3rd Mar,1999
Languages Known:	English , Hindi, Bengali and German (Learning)
Marital Status:	Unmarried
Total Experience:	3.2 Years
Current Designation:	Assistant Manager
Current Address:	Gurugram , India
Permanent Address:	New Delhi , India

Software learnt

Softwares	Learnt from/ Institute
SAP MM	**Royal Enfield**
PLM, Vector Pro, Fiori	**Royal Enfield**
Power BI, MS Excel	**Royal enfield, GSV**
Creo & Catia	**Royal Enfield & PPAP**
NX Cad & Auto Cad	**CADD centre, Delhi**
Business Analytics	**NITIE , Mumbai**
R Studio	**GSV**
Any logistix sw	**NITIE , Mumbai**

EDUCATION

Degree	University/ Board	Year	Grades
MBA (Logistics & supply chain)	Gati Shakti Vishwavidyalaya (GSV)	2021 – 2023 (Full Time)	79.8%
B.tech (Tools Engineering)	Guru Gobind Singh Indraprastha University (GGSIPU)	2016 – 2020 (Full Time)	87.4% (Gold medalist)
10+2th	CBSE (The Air Force School)	2015 - 2016	90.8%
10th	CBSE (Kendriya Vidyalaya)	2013-2014	9.8 CGPA

WORK EXPERIENCE

Royal Enfield – Development & Sourcing Assistant Manager **Jun'23 – Till Date**

Key Result Areas:

Directing all activities & tasks required to maintain a desired level of excellence in the organization through: Customer focus, Engagement of people, Leadership, Process approach, Improvement, Evidence-based decision-making & Relationship management.

- **Drawing Study, Design change notifications (DCN**) & Benchmarking with similar running models. Comparing a part study in relation to the base model to prepare the part history sheet.
- **Drawing study before Die goes & Bench marking** with existing running part's drawing.
- **Understand part fitment with mating parts**, check Fit & Finish & stack up, Appearance & Durability parameters.
- Good experience of managing mechanical & electrical prop. Suppliers - domestic & international.
- **Drove continuous improvement projects** at supplier sites through horizontal deployment of counter measures.
- Project tracking & part evaluation done as per event time line on regular basis of all running models in current financial year.
- Technical Bid Evaluation: **Reviews and verifies quotations (RFQs) for technical compliance with project requirements**, often developing technical and Commercial Bid Evaluations (TBE/CBE) to ensure alignment.
- **Value Analysis/Value Engineering (VA/VE):** Initiates and participates in value analysis workshops to optimize designs or materials for better cost-effectiveness without compromising quality or performance.
- **Supplier Development and Audits:** Works with new and existing suppliers to ensure their processes and build capabilities meet design intent. This can involve conducting supplier audits and driving continuous improvement initiatives using lean methodologies.
- **Cost Analysis and Modeling:** Conducts "should-cost" analysis and understands cost drivers to identify cost-saving opportunities and support negotiation efforts.
- Risk Mitigation: **Helps manage and mitigate supply chain risks by ensuring supplier diversification**, developing contingency plans for critical components, and monitoring market trends.
- New Product Introduction (NPI) Support: **Partners with R&D during new product development to ensure a smooth transition from prototyping and testing to mass production**, managing component lifecycle and supplier involvement.
- Developed a good hold in using Software like – **PLM, Vector Pro, Creo, SAP MM, Fiori (QCM), Power BI & MS Excel.**
- Managed major projects related to **Mass production models** (J series - 350 cc) & **premium models** (K & P – 450 cc & 650 cc resp.)

PPAP Automotives Ltd. - Graduate Engineer Trainee **Dec'20 – Oct'21**

Key Result Areas:

- Tool design study & development.
- Ensuring all the required parts and machines req. for running the operations.
- Customer quality assurance, ensuring systematic adherence of the customer requirement.
- Development of Injection molding Dies.
- Maintenance & troubleshooting of all the existing facilities.
- Safety assurance of all the fellow workers & machine operators.
- Ensuring the Kaizen in the shop floor.
- Reduced usage of paper by 30% by suggesting to provide access to everyone to process engineer system

INTERNSHIP

- Prakash Chemicals (Strategic Sourcing Dept.)	Jun 22 to Aug 22
- DMRC (Rolling stock Dept.)	May 19 to Jul 19
- DITE (Inhouse Tool Room)	Dec 18 to Jan 19
- DRDO (Solid state physics Lab)	May 18 to Jul 18

TECHNICAL SKILLS

- SAP (MM)
- PLM
- Microsoft Excel
- Power BI & R Studio
- 3D Viewer- Creo , NX Cad and CATIA
- Vector Pro
- Strategic Sourcing & vendor development
- Risk Assessment
- Zero base costing & Cost Negotiations
- APQP , PPAP (Documentation) & Defect analysis.

Position of Responsibility

➢ National Service Scheme (NSS) Unit Head	From March/2018 to Nov/2019
➢ Bharat Scouts & Guides (BS&G)	From April/2007 to March/2013
➢ Head of the Technical Society in the college	From Nov/2016 to July/2020
➢Operations Head of GATI SHAKTI PG Club & one of the founder of the club	From Aug/2022 to June/2023

Hobbies

- Sports – Cricket, basketball, Football Etc (Silver medalist- KVS Nationals, Gold medal – All Gujarat khel mahakumbh)
- Reading Political News.
- Travelling new places.
- Collage Making & Clay molding.

Declaration:

I hereby declare that all the details furnished above are true to the best of my

knowledge.
